

# Foresters a positive impact

## Lou Severino receives the 2015 Foresters Community Involvement Award

Foresters™ would like to congratulate Lou Severino, NIDA Marketing Group as the recipient of the Foresters Community Involvement Award. The Foresters Community Involvement Award was created to recognize an independent agent who has quality business with Foresters and also exemplifies the organization's commitment to support the well-being of families.

To fulfill its purpose, each year Foresters organizes thousands of local volunteer opportunities for members and sales partners, providing financial support as well as opportunities to work with various charitable partners.

### Making community interaction a priority

Last year, Foresters celebrated our 100th playground build in St Paul, Minnesota.

Our award winner participated in the Design day, assisting the children of this music academy with their initial designs. And, on the actual build day, not only did he and his colleagues join us but he also brought his own tools and equipment. What a terrific commitment to these children and families.

Last year, Lou and his team at NIDA Marketing also assembled health care kits through the Foresters Community Grants program for the Minnesota Assistance Council for Veterans. Through his positive attitude and hands-on approach, Lou has made a lasting impact on his community and has inspired others to follow his leadership.

We are grateful to our dedicated members who are also committed to the well-being of families. It's our shared commitment to families and the communities where they live that makes Foresters, our agents and members truly unique.

Thank you Lou for helping us make a difference.

At Foresters, we measure our success not only by our financial strength, but also by the positive impact we have on our communities.
